WILDLY AFFECTIONATE GLITTERING BENGALS
PRESENT
Brown Marble future queen
MANGALA GYPSY ROSE

Gypsy Rose is a beautiful glittered brown marble Bengal who has the most delightful and calm temperament like her mother Ch Mangala Dream Time Kate and father Gd Ch Mangala Little Running Bear. Gypsy has a wonderful profile, ear placement, head type and length of body and smallish ears together with a short soft pelt. Her marble pattern is clear & heavily glittered with fantastic contrast of warm deep velvety golds and large, almost black, swirls. Lovely green eyes set off her coat to perfection, making her a fantastic example of the breed. She is still a baby (under 12months) so, we look forward to her development. To date I consider her to be better than her mother, which is why I chose her as my Best Cat. Her mother is the beautiful Brown Spotted Queen as pictured below. Both parents have enjoyed a successful career on the show bench. We breed a lot of Marbled Bengals (as well as the Spotted) and I am trying to move away from the Bulls eye type patterning, so as to create more of a swirling marbled design. Temperament is

paramount with this breed and we have been very lucky to have well behaved and affectionate Bengals - possibly partly due to them all growing up with lively and naughty Singapura kittens .
